

SELECTION & SPECIFICATION DATA

Non-fibered Asphalt Emulsion **Type**

A blend of selected mineral fillers and emulsified asphalts Description

that provides excellent protection against corrosion on

steel and other metal substrates.

 Water-based with low VOCs **Features**

· Very stable

· Environmentally friendly

· Worker friendly

· Insulated rail tanker coating Uses

General corrosion protection

Moisture barrier

Black Color

Matte **Finish**

Self-priming **Primer**

3 - 10 mils per coat **Drv Film Thickness**

Solids 52% by weight 44% by volume Content

300°F (149°C) Maximum

Dry **Temperature** Resistance

(DFT)

Protect from freezing Limitations

Not for immersion service

SUBSTRATES & SURFACE PREPARATION

All Substrate must be clean, dry and free of contaminants.

Previously Painted Surfaces

Consult with ErgonArmor Technical Service.

MIXING & THINNING

Mild agitation prior to spraying recommended. Mixing

Generally not required. Product is thixotropic and will thin **Thinning**

under shear. If a reduction in static viscosity is desired, agitate to thin. The addition of water not recommended.

Single component Ratio

Tools and hands should be cleaned with soap and water Cleanup

before the emulsion sets. Dried material can be cleaned with mineral spirits. Spray equipment should be flushed with soapy water then fresh water for short periods of non-use. For longer periods of non-use, a final flush using mineral

spirits is recommended.

APPLICATION GUIDANCE

Ertech 2032 is designed for spray application using airless Spray equipment. **Application**

For best results under a wide variety of spray conditions, a 30:1 **Airless Spray**

or higher ratio pump is recommended.

A 0.021-inch orifice tip size is recommended. **Tip Size**

200 ft (max) x 3/8-inch diameter Hose L/D

6 ft (max) x 1/4-inch diameter Whip L/D

PTFE/UHMWP packings in the spray pump are Pump

recommended. **Packings**

Film A film thickness of up to 20 mils wet can be achieved on

vertical surfaces without sagging. **Thickness**

Brush/Roller Ertech 2032 can be brush or roller applied.

Temperature A film thickness of up to 20 mils wet can be achieved on

vertical surfaces without sagging.

Dry-To-Touch 2 - 4 hours at 77°F (25°C). Dry times are decreased with air

movement over the coating.

24 - 48 hours at 77°F (25°C). Cure times are decreased with **Full Cure**

air movement over the coating.

PACKAGING, ESTIMATING & HANDLING

ITEM# PACKAGING

M-2032-000-001 Bulk - LB

Theoretical Coverage

626 square feet per gallon at 1 mil DFT

Storage & Shelf Life

Estimated shelf life is 6 months when stored in a dry area at 75°F (24°C). Actual shelf life may vary with storage conditions. Do not store below 50°F (10°C) or above 110°F (43°C). Protect from freezing. Do not

store product outside. Store indoors.

SAFETY

SafetyMixes and applications of this product present a number of hazards. Read and follow the hazard

information, precautions and first aid directions on the individual product labels and safety data

sheets before using.

Ventilation Use in well ventilated areas.

TYPICAL PHYSICAL PROPERTIES

Density ASTM D1475-13	9.6 lbs/gal
Solids by weight ASTM D5201-05a	52%
Solids by volume ASTM D5201-05a	44%
Specific gravity	1.15
Dry-to-touch, 77°F (25°C) ASTM D5895-96	2 - 4 hours
Full cure, 77°F (25°C)	24 - 48 hours
Viscosity, 77°F (25°C) ASTM D2983-19	7,500 cps
Resistance to oils, greases and solvents	Poor
VOC	0.004 lbs/gal maximum

Rev. 09/2025

TERMS AND CONDITIONS OF SALE

While statements, technical information and recommendations contained herein are based on information our company believes to be reliable, nothing contained herein shall constitute any warranty, express or implied, with respect to the products and/or services described herein and any such warranties are expressly disclaimed. We recommend that the prospective purchaser or user independently determine the suitability of our product(s) for their intended use. No statement, information or recommendation with respect to our products, whether contained herein or otherwise communicated, shall be legally binding upon us unless expressly set forth in a written agreement between us and the purchaser/user. For all Terms and Conditions of Sale see ergonarmor.com.
